

PAN AFRICAN CONGRESS
OF INTEGRATIVE MEDICINE

4 - 6 May, 2017 Cape Town, South Africa

Dr Dalal Akoury, USA

“My mission is to ignite the spark of health deep within everyone, and to allow this sparkle of wellness to shine through everyone’s eyes, becoming one with the universe, and aligning body, mind, and spirit.”

Background:

Dr. Akoury is an Integrative Functional Medicine Physician. She obtained her medical degree from University of Alexandria Faculty of Medicine. She is fellowship trained and certified in Integrative Oncology, Anti-aging Functional and Regenerative Medicine, as well as having more than twenty years of accumulated experience in Emergency Medicine, Paediatrics, Paediatric Haematology/Oncology and a Master’s degree in Public Health.

She is the founder of The AWAREmed Health and Wellness Center in Myrtle Beach, South Carolina, which ‘is a practice dedicated to anti-aging and lifestyle medicine, customized nutrition and fitness programs helping both women and men resolve symptoms, including weight gain, sexual dysfunction, declining energy levels, and stress brought on by menopause and andropause.’

Her practice entails Integrative and Functional Medicine, bio-identical hormone replacement, interventional endocrinology, growth hormone replacement, adrenal dysfunction, thyroid disorders, advanced nutritional therapies. She practices Integrative Oncology, involving strategies such as cancer being ‘an immune deficiency’ or ‘malnutrition condition, as well as Targeted Low Dose/Insulin Potentiation Therapy (TLD/IPT)

She is the founder of the Integrative Advanced Medicine Institute(I-AM-I). Integrative Advanced Medicine Institute captures on the need for an Integrative comprehensive approach to Health care to minimize human suffering and emphasize the need for a change.. The mission of I-AM-I is to insure the education and preparation of Healthcare providers to practice the Medicine of the 21st Century. Transforming health care to meet the juncture of biogenetics, biotechnology, systems biology, and advanced analytical methodologies enabling healthcare providers to scrutinize hidden dynamic interactions between the environment and the inner workings forces of the genomics, epigenomics and metabolomics. I-AM-I and science are realizing now the extreme value of ancient healing wisdom and traditions in maintaining the health of humans and the planet. I-AM-I educates Health practitioners to understand and respect the genetic and metabolic uniqueness of each individual when addressing their ailments.

I-AM-I offers its members the opportunity to engage in the Medicine of tomorrow. This is Metabolic, Preventive and Integrative Medicine.

She is also passionate about the Integrative Management of Addiction and runs an inpatient medical detox facility based on Integrative medical principles.
